AT MARVIN WINDOWS AND DOORS

THERE'S NO SUCH THING AS ORDINARY.

Quality craftsmanship is what separates Marvin® windows and doors from all others. You can see it in every window and door we build. In the wood species we source from sustainable sources. In our state-of-the-art hardware systems that elegantly complement the refined construction of our products. And in the way our products are ENERGY STAR® qualified. Plus, nobody offers more possibilities for customization. From size and shape to color and style, this is why Marvin windows and doors are truly *Built around you*®.

EXTERIOR CLAD COLORS

DISCOVER A WIDE VARIETY OF BEAUTIFUL OPTIONS.

Deep, rich and lasting are words that describe the difference of Marvin® color. From subtle earth tones to bold, attention-grabbing hues, to brilliant pearlescent tones, our cladding stands out as much for its beauty as it does for its legendary durability.

Marvin's low-maintenance, clad-wood products feature an extruded aluminum exterior, finished in commercial-grade paint for superior resistance to fading and chalking. Finish strong with long-lasting color, backed by a 20-year warranty.*

20 YEAR
WARRANTY

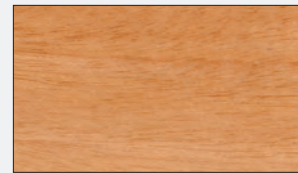

EXTERIOR WOOD OPTIONS

BEAUTIFUL, HIGH-QUALITY WOOD OPTIONS.

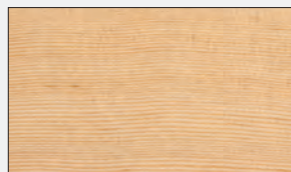

Marvin makes it easy to complement any project or design with an array of high-quality exterior wood options, including:

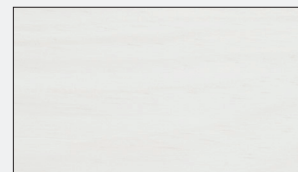

PINE

MAHOGANY

VERTICAL GRAIN
DOUGLAS FIR

WHITE
PRIMED PINE

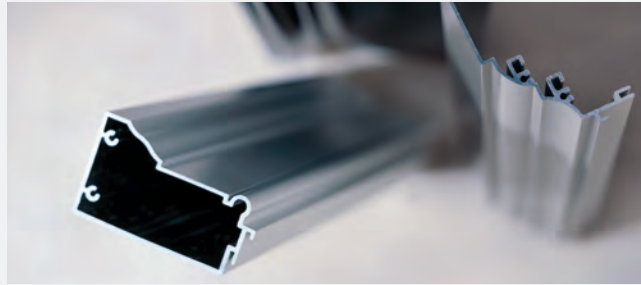

* Some colors may not qualify for the 20-year warranty. For details contact your local dealer. For a copy of the warranty, see MarvinWindows.com.

Note: Printed color may not be an accurate representation. Ask your local Marvin retailer for color chips.

BENEFITS OF MARVIN CLADDING

BENEFITS INCLUDE: UNMATCHED DURABILITY, LOW MAINTENANCE AND HEAD-TURNING CURB APPEAL.

EXTRUDED ALUMINUM

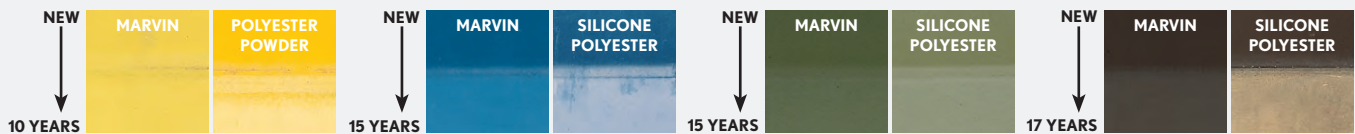

VS.

ROLL-FORM ALUMINUM

NOT ALL CLADDING IS CREATED EQUAL.

Marvin® windows and door's exterior cladding meets AAMA 2605 for extruded aluminum - the industry's highest standard. By comparison, the AAMA 2605 standard for roll-form aluminum does not measure up. The result is a far superior finish that is as strong and durable as it is beautiful.

The performance, longevity and beauty of our extruded aluminum cladding is unparalleled. To provide a more uniform look, high-quality extruded aluminum is used for all major clad components, including the frame, sash and divided lite system. This beautiful, high-performing finish is backed by a 20-year warranty against loss of adhesion, chalking or fading according to the AAMA specification 2605.*

* Some colors may not qualify for the 20-year warranty. For details contact your local dealer. For a copy of the warranty, see MarvinWindows.com.

Maple

INTERIOR WOOD SPECIES

DISCOVER A WIDE VARIETY OF BEAUTIFUL OPTIONS.

Marvin® makes it easy to complement any project or design with an array of high-quality standard wood options, including Pine, Cherry, Douglas Fir, Mahogany, Vertical Grain Douglas Fir and White Oak. And if your project requires the one-of-a-kind look of an unusual wood species, Marvin offers many beautiful and unique options including Maple, Black Walnut and Western Red Cedar.

INTERIOR FINISHES

STAINED AND READY TO GO.

Before a window or door is assembled, every piece of wood is put through our proprietary multi-step, integrated conditioning and staining process. The wood is conditioned, sanded and baked to provide a more ideal, lasting and beautiful finish. Staining and painting can be tedious and time-consuming. Ordering finishes that meet WDMA TM14-09 standards direct from the factory is a great way to achieve beautiful, ready-to-install windows and doors without the mess, fumes and time commitment.
